You won't leave me alone tonight  
You call with your friends, starting a fight  
I want to scream so loud  
You fall to the ground

Now hers my way for getting even  
You won't like the other way  
Just take what i'm offering  
Or take the responsibility

Okay,  
Now heres your chains  
And your voice remains  
I've got the key  
I'll set you free  
You know i met her  
Bye bye picture  
Now you're my prisoner

I left it up to you  
Don't get mad at me  
You must respect  
The one with the key  
Just let me be  
Okay,

Now heres your chains  
And your voice remains

I've got the key  
I'll set you free  
You know i met her  
Bye bye picture  
Now you're my prisoner

You can't take it all on me  
When you;re the one thats scared for me  
I'll be fine by myself  
I want somebody else  
Keep your comments to yourself  
I need the air  
To enter where you left me

Leave me be

Okay,  
Now heres your chains  
And your voice remains  
I've got the key  
I'll set you free  
You know i met her  
Bye bye picture  
Bye bye picture.....  
Bye bye prisoner

Remember leave me alone.  
Leave me be.  
I know her  
Bye bye prisoner
