I just wanna hear you say that it's over now.
And if I don't believe you when you walk away
Will you turn around?
I can't take it any longer
When the sadness turns to blame.

If only I could find a way to make you happy
I'd give you everything you ever need.
If I could, I'd take back all the pain I caused you when I
walked away.

If we only had today, would we take the time
To reiterate a single lonely word that would change our
lives
I can't take it any longer
When the sadness turns to blame

If only I could find a way to make you happy
I'd give you everything you ever need

If I could, I'd take back all the pain I caused you when I
walked away

Its not supposed to be this hard
Why don't you hear me?
If there is anything I can do, I'd do anything
Anything, anything

If only I could find a way to make you happy
I'd give you everything you ever need
If I could, I'd take back all the pain I caused you when I
walked away

If only I could find a way to make you happy
I'd give you everything you ever need
If I could, I'd take back all the pain I caused you when I
walked away
