Oooo, Oooo, Oooo, Oooo

You look awfully lonely
Without the light of love in your eyes
You could've had it if only
But the time has come to say goodbye
I gave you everything that you ever wanted
Oh, what a thing to waste
Now I'm starting off again
A life apart from yesterdays

Do you feel safer without me in your life?
Afraid to make a decision,
Can't make up your mind.

Oooo, Oooo, Oooo, Oooo

You walk a little too slowly
Nowhere to go and nobody there by your side
Lost the one and the only
Now you'll never get it right
I would've stayed as long as you had ever needed
Throwing my time away

Now I am moving on
Never looking back again

Do you feel safer without me in your life?
Afraid to make a decision,
Can't make up your mind.

I know what you say and I know what you do you're so
predictable, you're a fool.
You made me forget that I never needed you before, I
never needed you before.
How does it feel to sit alone at night with only your own
thoughts to keep you company?
When will you see that you had everything you ever
could've wanted but you walked away?

Do you feel safer without me in your life?
Afraid to make a decision,

Can't make up your mind.

No you never could
