Sierra - sound asleep to the song of the angels
Sierra - all alone with your thoughts, can you see them
at night
I've been whispering to you
Do you hear me?
Darling do you hear me?

Sierra - Do you know what it means to be happy?
Sierra - No one else in the world can complete me - no

I've been waiting for you to be with me

Now you're with me
And I'll never let you go

I hope you grow up to be a lovely, lovely soul
If you keep anything of me, remember how I always
held you till you fell asleep

Oh, Sierra, I gave you everything
Oh, Sierra, I gave you everything I had
