It's a new cold war  
And there's nothing to do.  
We started this war.  
We gotta make it through

Chorus:  
Cuz even though  
We're all alone  
We gotta keep going  
Cuz we have life...  
Even if they don't.

So keep fighting.  
Keep delighting.  
Don't start hiding

Now.

We're running towards the goal.  
Gotta get our crown  
And our white robe...  
(oh)

(Chorus)

They don't.  
They don't.  
Have life...  
Like us.

(Chorus)

We gotta make it through.  
This new cold war.
