Last night I saw you out
Hangin with another girl
Tell me what that's all about
You used to be my world
6 days and 7 nights
Since we decided to say goodbye
But I'm still feeling you
I can't get you outta my mind
I tried so hard to fight it
But I can't let you go
No way to deny it

[CHORUS]

And I betcha she don't love you like I do
And I betcha she's not giving you all that you need
If you don't remember let me remind you
No one in the world
Could ever love you
Better then I do
Better then I do

Don't even fool yourself
She'll never take my place
Put her up back on the shelf
She'll never win this race
Through all the ups and downs
I was always there for you
And now you think about
Somebody else so
No one could do you better
But you know you know what
I'll wait here forever

[CHORUS]

She'll never take my place
No one could do the things I do
I bring the lovin outta you
Deep in your heart you know it's true
Better believe it

You know that you should be with me
I got the lovin that ya need
It's just the way it's gotta be
Can't ya see yeah
You know I treated you right
I know the things that you like
And this much I know for sure
That no one in the world
Could ever love you more

[CHORUS x3]
