Too long I've been
Denying myself
Hostage to thoughts i'm somebody else
And all the while you
Have been wishing to
Love on me

Mixed feelings and misgivings
That's all a memory now baby
When you saw me
For what i could be
Then i finally saw the same

Now the lover in me
Sees the lover in you
And im happy to say that im so not afraid
For the lover in me
To meet the lover in you
Cause i see what we'll be
And the lover in me loves you

Past it's just that leave it where it's at
I want to live in the moment with you
Wasted so much time
Startling but now i'm
Spreading my wings and begining again

Mixed feelings and misgivings
That's all a memory now baby
When you saw me
For what i could be
Then i finally saw the same

Now the lover in me
Sees the lover in you
And im happy to say that im so not afraid
For the lover in me
To meet the lover in you
Cause i see what we'll be
And the lover in me loves you

No tears left to cry
You're my strongest tide
So amazing how you've taken me away
Yeah
I'm too far off the ground
So heart don't fail me now
Just let me oh let me
Feel like a lover come down

Now the lover in me
Sees the lover in you
And im happy to say that im so not afraid
For the lover in me
To meet the lover in you
Cause i see what we'll be
And the lover in me [3x]
