If all the stars fell from the sky
The ocean and rivers gone dry
The sun and the moon, both ran away with their light

I feel the holes on your heart
Unbreak the strings on your guitar
Together we're one
Nothing can tear us apart

I'll be there, even in the darkest moments
I'll be there, forever

Gonna hold on to you, like crazy glue
I'm gonna hold on to you, like crazy glue

No matter when
I don't never wanna lose you
If that's the last thing I do
I'll hold on to you
Like crazy glue

When I'm with you I'm complete
You're like the last puzzle piece
Everyday, you always say to me

"I'll be there, even in the darkest moments
I'll be there, forever"

Gonna hold on to you, like crazy glue
I'm gonna hold on to you, like crazy glue

No matter when
I don't never wanna lose you
If it's the last thing I do
I'll hold on to you
Like crazy glue

I want you to know
I'll never let go
No, never
Some things are meant to stay forever

I'm gonna hold on to you, like crazy glue
I'm gonna hold on to you, like crazy glue

No matter when
I don't never wanna lose you
If that's the last thing I do
I'll hold on to you
I'll hold on to you
Like crazy glue

Ohhh.

Like crazy glue
