Yak'll came out the crevices, homepiss, yeah yeah  
Its like, my man Mondee. (Yak'll came out the crevices,  
homepiss)  
That's my homepiss  
You know what I'm sayin, its like, I drink a little bit, too  
much  
I take a homepiss, word up, you know the deal  
We're Yak Skywalker (Yak'll came out the crevices,  
homepiss)  
yeah, yeah, yeah, yeah  
Yo when Yak is near you feel the magic in the  
atmosphere  
There's many forms which I appear to be, but they ain't  
really me  
Ayyo this beat is off the meter  
that's why I'm blessin it with messages off hand like a  
palm reader  
If you feelin this then spark the cheeba cheeba, just  
relax and blaze an L  
The peanut gallery has spoken so crawl back into your  
shell  
My first heaven to hell, whether or not the parallel  
so concentrated and peep my whole brain levitate  
mediators through God and ?????? regulate  
and set you all motherfuckers straight  
I walk through heavenly gates  
with a nuclear bomb strapped to my chest ready to  
detonate on contact  
mad megahertz like Copywrite78  
supreme database you might of heard me radiate  
So toxic plastic surgeons can't even save face  
it fucks your head up like ?????? laced kooleys ??????  
dropped on your girls tongue courtesy of yours truliest  
quite confused and don't disillusioned  
I'm a specialists in mic abusing and brain intrusion hold  
your neurons hostage  
so your sensory devices are forced to pay homage  
Can't even hold mic so what you tryin to spit (dick)  
Skywalker take over Time Warner, and plans to televise  
the apocalypse  
spawnin life forms you know I'm capable of rockin this

leavin opponents heartbroken  
temporally off the potent word spoken  
get out of control when I'm zonin  
You know my steez when it comes to MC's  
I keepin them roastin 89.9 degrees  
embalmed after the track is torn inhale a trong  
Yak Ballz's a tactician like James Bond  
chop off my hands and I still bear arms  
so people peep my Marine like machine type  
mechanics  
miraculous, vanderous, cancerous  
bars leave your brain scarred I'm being charged for  
damages  
There's no more to explain, its simple and plain  
Just remember the name

(Yak'll came out the crevices, homepiss) x 5
