Oh, oh yeah

Sometimes I wake up in the dark night
And in my mind there's a picture of you
I know someday this dream will come alive
So for now your shadow will do

I've never seen your face
But I know you're in my heart
Baby, someday someplace
I'll hold you in my arms

I have a gift for you something I have held onto
Waiting for your sweet caress
No ribbon has been untied from all that I hold inside
And only you will possess this heart of innocence

Oh yeah

I lay my head down on a pillow of white
Here in the dark, I am cradled in peace
No loss from yesterday to haunt me at night
No tears to dry, no sad memories

It isn't hard to hold
And I will safely keep
This strength that is in my soul
Until you come to me

I have a gift for you something I have held onto
Waiting for your sweet caress
No ribbon has been untied from all that I hold inside
And only you will possess this heart of innocence

Every night I make a wish before I fall asleep
That destiny will take your hand
And lead you to me
Oh

I have a gift for you something I have held onto
Waiting for your sweet caress
No ribbon has been untied from all that I hold inside

And only you will possess this heart of innocence

Oh, oh
I love you
