Jessica, you are never going to believe  
What I am looking at right now  
What are you talking about?  
You know your man  
Mr. Wonderful  
The guy you're always talking about

I know he's so hot, right?  
Yeah, hot, whatever, okay, anyways  
He is all up on that girl, Coop  
Coop?  
What are you talking about?  
Yes, I'm telling you girl he's playing you

Jessica, I'm serious, he is all over her believe  
Whatever, I don't believe you  
Jess, I swear it's true  
I was watching 'em  
I can see 'em right now  
It's so disgusting  
You guys

I'm serious, you better call him up right now  
What do I do? What do I say?  
I don't know but I'm looking at him  
I mean you gotta tell him the truth  
You gotta tell him how it is  
He's playing me?  
He's playing you so bad

You told me that you would always  
Be the only thing that I'd ever need  
And all my friends that they were never good enough  
Be with me

You want me to stay at home  
And like a fool, I did for you  
Now I see the game that you playin' on me  
Oh

You go out with your friends at night  
Like it's alright

'Cause you're hot like fire  
Other girls call your cell phone, boy  
You can't help yourself  
'Cause you're hot like fire

You didn't know she was my best friend, baby  
You just played yourself  
'Cause you're hot like fire  
Baby, don't try to run the game on me  
'Cause it's plain to see that you're hot like fire  
Fire like, fire like, fire

You said you loved me, baby  
And never will fall apart  
You even told me once that  
You've suffered from a broken heart

Made plans to share a summer romance  
A dream for two  
Just me and you  
But now I see what you're really about

You go out with your friends at night  
Like it's alright  
'Cause you're hot like fire  
Other girls call your cell phone, boy  
You can't help yourself  
'Cause you're hot like fire

You didn't know she was my best friend, baby  
You just played yourself  
'Cause you're hot like fire  
Baby, don't try to run the game on me  
'Cause it's plain to see that you're hot like fire

Fire like, fire like, fire  
Fire like, fire like, fire  
Fire like, fire like, fire  
Fire like, fire like, fire

Oh, tell me who'd you think I was  
Did you think I was your fool  
Maybe you've taken other girls for a ride before  
But I got your number

See baby, I can play your game  
And you can tell me how it feels  
'Cause everything you've ever done to me  
Can be done right back to you

"Hello?"

Maybe you thought you could play me  
Thought that you would make a little move and fake me  
So honey, I don't need to be  
Just another quick notch on your belt, not me

I'll never be a prize on your shelf  
A real player, you'll never be  
You need to run your game  
On someone else instead of me

Look at you now, poor baby  
You're so through  
So tell me how it feels  
Now that someone is playing you

You go out with your friends at night  
Like it's alright  
'Cause you're hot like fire  
Other girls call you your cell phone, boy  
You can't help yourself  
'Cause you're hot like fire

You didn't know she was my bestfriend, baby  
You just played yourself  
'Cause you're hot like fire  
Baby, don't try to run the game on me  
'Cause it's plain to see that you're hot like fire

You go out with your friends at night  
Like it's alright  
'Cause you're hot like fire  
Other girls call you your cell phone, boy  
You can't help yourself  
'Cause you're hot like fire

You didn't know she was my best friend, baby  
You just played yourself  
'Cause you're hot like fire  
Baby don't try to run the game on me  
'Cause it's plain to see that you're hot like fire
