Here's another day
Another girl, left so confused
Tryin' to find a way
In the common likes of you

But you're so undecided
Stringin' me along
And it hurts just thinkin' 'bout one day
You're here and then you're gone

Nothing to say, won't hesitate
Can't walk away from you
You weren't there when I was scared
Now all I wanna do is forget about love

So I don't wanna care about love
No, I don't wanna care about us
And I don't wanna care at all anymore
No, no

I used to only care a little bit
But now I care way too much
Now this love thing I wish, I never felt it before
I don't wanna care anymore

Trying to brace myself
For the fall 'cause you didn't catch me
Promised that you would hold me tight
Be the one I need

But I stood waiting for you
To come, give me a ride
Back to what love's supposed to be
I guess that was a lie

You and I now, I don't how
I could have fallen so deep
'Cause you weren't here to wipe all my tears
Erase it from my memories, I don't wanna care

So I don't wanna care about love
No, I don't wanna care about us

And I don't wanna care at all anymore
No, no

I used to only care a little bit
But now I care way too much
Now this love thing I wish, I never felt it before
I don't wanna care

Oh, my precious time
Now I can't get it back
So lost and alone
And I can't take feelin' like that

Baby, I've had enough
I just wanna move on
Don't wanna look back
'Cause I know, I'm gonna be strong

I don't wanna care about love anymore
I don't wanna care about us
I don't want to care about love

So I don't wanna care about love
No, I don't wanna care about us
And I don't wanna care at all anymore
No, no

I used to only care a little bit
But now I care way too much
Now this love thing I wish, I never felt it before
I don't wanna care

So I don't wanna care about love
No, I don't wanna care about us
And I don't wanna care at all anymore
No, no

I used to only care a little bit
But now I care way too much
Now this love thing I wish, I never felt it before
I don't wanna care anymore
