You set my soul at ease  
Chase darkness out of view  
Left your desperate spell on me  
Say you feel it too  
I know you do  
Pour yourself all over me  
And I'll cherish every drop here on my knees

Chorus:  
I wanna love you forever  
And this is all I'm asking of you  
10,000 lifetimes together  
Is that so much for you to do?  
'cause from the moment that I saw your smiling  
face  
And felt the fire in your sweet embrace  
I swear I knew  
I'm gonna love you forever

My mind fails to understand  
What my heart tells me to do  
And I give up all I have  
Just to be with you  
And that would do

I've always been taught to win  
And I never thought I'd fall  
Be at the mercy of man  
Now I only want to be right where you are

Chorus

In my life I've learned that heaven never waits,  
no  
Let's take this now before it's gone like  
yesterday, no  
'cause when I'm with you  
There's nowhere else that I would ever wanna  
be  
I'm breathing for the next second  
I can feel you loving me

## Chorus
