You set my soul at ease, Chased darkness outta  
view. Left your desperate spell on me, say you feel  
it, too, I know ya do. I've got so much more to give,  
Lest you die, I yearn to live. Pour yourself all over me,  
And I'll cherish every night here on my knees.

Chorus:

I wanna love you forever,  
And this is all I'm asking of you,  
Ten thousand lifetimes together,  
Is that so much for you to do?  
Cause from the moment that I saw your face,  
And felt the fire in your sweet embrace,  
I swear I knew, I'm gonna love you forever.

My mind fails to understand what my heart  
tells me to do. And I give up all I have, just to be with,  
and they were days I've always been told to win and I  
never thought I'd fall, be at the mercy of a man.  
I've never been now I only want to be right where you  
are.

(Chorus)

In my life, I've learned that Heaven never waits,  
Let's take this now b4 its gone like yesterday.

Cause when I'm with you there's no where else  
That would ever wanna be, Oh, I'm craving for the  
next second I can feel you loving me, I wanna love..  
(Chorus)
