I will give it all

We've all been down the dusty road
Trying to see around the bend
(In search of something)
Lots of faces different places
Emptiness had settled in
And then I saw him

I'm the lover of your soul
Deep inside this man that I know

Vision picture perfect world
As you focus in the lens
(Fairy tale begins)
I'm so happy that I found you
I just wanna break down and cry
And laugh and hug and kiss

I'm the lover of your soul
(Of your soul)
Deep inside the man that I know
(That I know)
I will give it all and let go
Through his eyes I find my way home

He can take me to Heaven
(That's why I need him and I want him)
There's no one I'll ever love
(No other can touch him)
I will promise you all I am

I'm the lover of your soul
(Of your soul)
Deep inside this man that I know
I will give it all and let go
(Go go)

Through his eyes I'll find my way home, home
I will find my way home
(Home, home)
I will find my way home

I will give it all
I'm the lover of your soul
Deep inside this man that I know

I will give it all and let go
(Go go go)
(I will give it all)
I will give it all and let go
(Go go go)
