Time when I was down and out, no loving in my life
This angel came and brought about a meaning of so
right
Took my dark and lonely days into the light
With his loving ways

He's my wonderful
Everything a girl could want to love
And all I need, yes, he's my wonderful
He must have been sent from up above just for me

Gotta have him close to me each and every night
To give me that security of dreaming in delight
Our love has got a grip on me, oh, so tight
Hope he never lets go

He's my wonderful
Everything a girl could want to love
And all I need, yes, he's my wonderful
He must have been sent from up above just for me

'Cuz I don't ever wanna be free from this love and care
That most people will never see
And at night I pray that I'll have my way
And endure love for eternity

He's my wonderful
Everything a girl could want to love
And all I need, yes, he's my wonderful
He must have been sent from up above just for me

No one can ever do for me
The things he does 'cuz

He's my wonderful
Everything a girl could want to love
And all I need, yes, he's my wonderful
He must have been sent from up above just for me

He's my wonderful
Everything a girl could want to love
And all I need, yes, he's my wonderful

He must have been sent from up above just for me

He's my wonderful

(A time when I was down and out, no loving in my life)

Everything a girl could want to love

(This angel came and brought about)

And all I need

(A meaning love so right)

Yes he's my wonderful

(Took my dark and lonely days, into the light)

He must have been sent from up above

(With his loving ways)

Just for me

(Oh, yeah)

Said, he's everything all I need

La, la, la, la, la, yeah, la
