When I can't see your face  
Feel your embrace (feel you)  
I know your out there baby thinkin' of me  
I just wanna be  
Just wanna be  
I wanna be with you

I think of what I can do  
I think of you  
I think of the day  
when I hear you say  
"No matter where I go you'll be here"  
Miles to go when your not here  
And I'll be there  
Where I go where you are  
And it'll be miles to go when your not here  
Where I go  
Miles to go where you'll be, and I'll be standin' smillin'  
at you again

No matter where I go

When I go where you are in the sky  
I'll be standin there and I'll look up and wonder why  
Why'd you go from me?  
My love, tell me why when I see you again and we'll be  
By the sea  
I'll draw a heart for you in the sand  
But baby, it don't matter where we are, sea or land

*[Repeat chorus twice]*

I no (no, no no)  
I'll never forget those days  
When we were together  
We'll be
