there are times
i swear i know your here
when i forgot about my fears
feeling you my dear
watching over me
my hope sees
of what the future will bring
when you ride me on your wings
and take me...

where you are
where you and i will breathe together
once again will be dancing in the moonlight
just like we used to do
and you'll be smilin back at me
only then will i be free
when i can be where you are

nick:
and i can see your face
your kiss i still can taste
not a memory erased

jess:
oh i see your star
shining down on me
and i'd do anything

both: if i could just be right there

where you are
where you and i will breathe together
once again will be dancing in the moonlight
just like we used to do
and you'll be smilin back at me
only then will i be free
when i can be where you are

nick:
now baby there are times when selfishly
i wish that you are here with me

so i can wipe the tears from your eyes and make you
see
that every night while you are dreaming
i'm here to guard you from a far

both:
and anytime i feel alone i'll close my eyes
and just be there where you are

where you are
where you and i will breathe together
once again will be dancing in the moonlight
just like we used to do
and you'll be smilin back at me
only then will i be free
when i can be where you are

baby, i still believe
i still believe, i will touch you that sweet day
that you take me there, where you are
i still believe, oh got to believe
i still believe, i will touch you that sweet day
that you take me there, where you are
i still believe
i've got to believe
i'll always be waiting here
that sweet day..
