There are times I swear I know you're here  
When I forgot about my fears  
Feeling you, my dear, watching over me  
My hope sees of what the future will bring  
When you wrap me in your wings and take me

Where you are, where you and I will breathe together  
Once again we'll be dancing in the moonlight  
Just like we used to do and you'll be smilin' back at me  
Only then will I be free when I can be where you are

And I can see your face, your kiss I still can taste  
Not a memory erased, oh, I see your star  
Shining down on me and I'd do anything  
If I could just be right there

Where you are, where you and I will breathe together  
Once again we'll be dancing in the moonlight  
Just like we used to do and you'll be smilin' back at me  
Only then will I be free when I can be where you are

Now baby, there are times when selfishly  
I wish that you were here with me  
So I can wipe the tears from your eyes and make you  
see  
That every night while you are dreaming I'm here to  
guard you from afar  
And anytime I feel alone I'll close my eyes  
And be there where you are

Where you are, where you and I will breathe together  
Once again we'll be dancing in the moonlight  
Just like we used to do and you'll be smilin' back at me  
Only then will I be free when I can be where you are

Baby, I still believe  
Oh, I still believe, I will touch you that sweet day  
That you take me there, where you are  
I still believe, oh I got to believe

I still believe, I will touch you that sweet day  
That you take me there, where you are

I still believe, I've got to believe  
I'll always be waiting here, that sweet day
