The real me is a southern girl with her Levis on and an
open heart
Wish I could save the world, like I was super girl
The real me used to laugh all night lying in the grass
just talking about love
But lately I've been jaded life got so complicated

I start thinking about it,
I almost forgot what it was like
To know what it feels like
Cause with you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
Baby as I do now
Now that I'm with you
With you, with you, with you
Now that I'm with you

You speak and it's like a song
And just like that all my walls come down
It's like a private joke just meant for us to know
I relate to you naturally
Everybody else just fades away
Sometimes it's hard to breathe
Just knowing you found me

Cuz I start thinking about it,

I almost forgot what it was like
To know what love feels right
Cause with you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
Baby as I do now
Now that I'm with you
With you, with you, with you

Come and take me
Love you save me
Like nobody else
Now I can be myself

With you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
baby as I do now (baby as I do now)
Now that I'm with you (Now that im with you)
I can let my hair down
I can say anything crazy (Crazy)
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
baby as I do now
Now that I'm with you
