Watching every motion in this foolish lover's game  
On this endless ocean finally lover's know no shame  
Turning and returning to some secret place inside  
Watching in slow motion as you turn around and say  
(my love)

Take my breathe away  
Take my breathe away

Watching I keep waiting still anticipating love  
Never hesitating to become the fated love  
Turning and returning to secret place inside  
Watching in slow motion as you turn around and say

Take my breathe away  
Take my breathe away

Through hourglass I saw you, in time you slipped away

When the mirror crashed I called you, and time to hear  
you say  
If it only werent today, I am unafraid

Take my breathe away  
You take my breathe away

Take my breathe away  
You take my breathe away(3X) (away)  
Take my breath away

(Fading)

you take my breathe(2x)
