There are times I swear I know you're here
When I forget about my fears, feelin' you my dear
Watchin' over me my hope sees
What the future will bring when you wrap your wings

And take me where you are where you and I will be
Together once again, we'll be dancin' in the moonlight
Just like we used to do and you'll be smilin' back at me
Only then will I be free when I can be, where you are

And I can see your face, your kiss I still can taste
Not a memory erased
Oh, how I see your star shinin' down on me
And I'd do anything
And if I could just be right there where you are

Where you and I will breathe
Together once again we'll be dancin' in the moonlight
Just like we used to do and you'll be smilin' back at me
Only then will I be free, then I will be free
So take me where you are

Now baby there are times when selfishly
I'm wishin' that you were here with me
So I can wipe the tears from your eyes
And make you see

That every night when you are dreamin'
I'm here to guard you from afar
And anytime I feel alone
I'll close my eyes and dream of where you are

Where you and I will breathe
Together once again we'll be dancin' in the moonlight
Just like we used to do and you'll be smilin' back at me
Only then will I be free, then I will be free

Baby, I still believe, oh, I gotta believe
I still believe I will touch you that sweet day
That you take me there where you are
I still believe, I gotta believe
I still believe, I will touch you that sweet day

That you take me there where you are, oh, where you
are

I still believe, I gotta believe
I still believe, I'll always be waiting here
That sweet day, that sweet day, yeah!
Only wanna be where you are
I still believe
