He's a charmer
with the voice of an angel,
you'll fall in love with his eyes.
They say you're naïve,
And you don't know what it means,
But you know how you feel inside.

So it's all you're thinking about
And you're starting to feel worn out
Trying to convince yourself
That he's the one for me.
And if you just let us be
We could be so happy.

Dream big,
Live your life.
Everything is not what it seems.
This is just the way I am now.
Dream big,
Believe and try,
You fell in love with that guy.
Made you feel on top of the world.
Every chance is mine
Like the blink of an eye,
You'll still be alright
But it takes time.

So your sister says that he is a bad boy
And every girl should stay away.

But you just need a hug and your mama's love,
And everything will be okay.

Dream big
Live your life
Everything's not what it seems
This is just the way I am now
Dream big
Believe and try
You fell in love with that guy.
Made you feel on top of the world.
Every chance is mine

Like the blink of an eye,
You'll still be alright
But it takes time.

Ah, ah
Ah, ah
Ah, ah

Dream big
Live your life
Everything's not what it seems
This is just the way I am now
Dream big
Believe and try
You fell in love with that guy.
Made you feel on top of the world.
Every chance is mine
Like the blink of an eye,
You'll still be alright
But it takes time.
