Singing out loud  
Laughing out loud  
in the backseat  
everybody knows the words  
clapping hands swinging hips  
shaken head to their own beat  
listen to the music  
hear the melody follow the beat  
dadadatda thats how it goes now  
it's confusing and amusing  
but it's moving  
the rhythm is all around  
on and on jumping up and down

Shine just believe  
touch the sky  
open your heart and take it all in  
Shine dream a dream  
learn to fly  
show the world your emotion

Stop thinking  
don't be afraid  
hear your own voice  
you sound so beautiful  
play that guitar  
as if you're a rockstar  
like nobodys watching  
the harmony has a song of its own  
sing along now  
the noise is pleasing  
snap fingers  
hum to the track

got your own song  
haveing fun with friends  
on and on jumping up and down

Shine just believe  
touch the sky  
open your heart and take it all in  
Shine dream a dream

learn to fly  
show the world your emotion

music is how I let it out from inside of me  
Singing out loud  
Laughing out loud  
in the backseat  
everybody knows the words

Shine just believe  
touch the sky  
open your heart and take it all in  
Shine dream a dream  
learn to fly  
show the world your emotion

Shine just believe  
touch the sky  
open your heart and take it all in  
Shine dream a dream  
learn to fly  
show the world your emotion

Singing out loud  
Laughing out loud  
in the backseat  
everybody knows the words
