I felt your gaze on me tonight
Don't care if I'm wrong or right
Together, we have come undone

If you left me breakfast
It was for the end of time
If I left you hopeless
It was so you would be mine

It could be the end of days
And I would love you anyway

We can travel the world from right here
One look in your eyes, nothing to despise or fear
We can spend our whole lifetime right now
Wherever we roam, together, alone, my dear

It's a pleasure to be yours
It's us that I've been waiting for
This is a [Incomprehensible] happy song

All my demons cried
When you walked into the room
[Incomprehensible]
So he took us to the moon

It doesn't matter what they say
I would need you anyway

We can travel the world from right here
One look in your eyes, nothing to despise or fear
We can spend our whole lifetime right now
Wherever we roam, together, alone, my dear

We can travel the world from right here
One look in your eyes, nothing to despise or fear
We can spend our whole lifetime right now
Wherever we roam, together, alone, my dear

We can travel the world from right here
One look in your eyes, nothing to despise or fear
