I'm a bit of a mess
I haven't got dressed for weeks
I've been cryin'
Since you left me
Now my drapes hang in dust
I haven't seen the sunlight
Then you show up
You show up
And I'm alright

And I hope
You don't mind
That I'm falling asleep in your arms

Nothing makes me feel better
Thank you for all that you do
We started with nothing
It turned into something
So how can you say
You feel nothing at all

I didn't want to think that this life could make sense
So packed up all my plans I decided to leave, Cause I
Couldn't look you in the heart
Thought I'd find a brand new start
Where did I ever think I go?

And I hope
You don't mind
That I'm falling asleep in your arms

Nothing makes me feel better
Thank you for all that you do
We started with nothing
It turned into something
So how can you say
You feel nothing

And why?
Did you leave without saying goodbye
You read me some Dylan

I know this wasn't forever
But why'd you leave without saying goodbye

Goodbye

Oh yeah, oh yeah

Nothing makes me feel better
Thank-you for all that you do
We started with nothing
It turned into something
So how can you say
You feel nothing at all
