Every time I look towards the wide open blue
I think of you
No, I'm not scared,
You are trained and prepared
And I find myself wanting
Higher altitudes

To me you own the sky
The birds, the clouds and I look up to you
Look up to you
The birds, the clouds and I
Look up to you

Every time I start to decline and feel blue
I think of you
Knowing you're there with them wings
I'm not scared and I find myself wanting
Higher altitudes

To me you own the sky
The birds, the clouds and I look up to you
Look up to you
The birds, the clouds and I
Look up to you

Ooh, how does it feel up there?
Ooh, isn't it real?
Ooh, they're calling you in now
Mmm, here I am

Every time I look towards the wide open blue
I think of you
No, I'm not scared,
You are trained and prepared
And I find myself wanting
Higher altitudes

To me you own the sky
The birds, the clouds and I look up to you
Look up to you
The birds, the clouds and I

Look up to you
