I hear it in your voice  
The shaking of belief  
I hear it in your steps, you walk to your own beat  
I feel it in the streets when you're by my side

Well, it's fine 'cause I feel that too  
It's fine 'cause I feel that too, I do

Hang it on my sleeve like a souvenir  
You toss it to the side, what a cavalier  
I see it in your eyes  
Wanting to believe

It's fine 'cause I feel that too  
It's fine 'cause I feel that too, I do, I do

Always on my mind, tension on the line  
Strung out in sunshine, magic of the night  
Lovers holding tight  
Summoning the daylight

Oh, I feel that too  
I do, I do, I do, I do  
I do, I do, I do, I do  
I do, I do, I do, I do, I do
