I was a chubby little baby, my first word was no
I was singin' country music when I was five years old
Wrote a song with words like kissing boys and beer
Sang it in the mirror and got my belly pierced
Nobody says no to me
Worked my way thru college serving drinks to drunks
Slept thru half the classes somehow I didn't flunk
I shot down a boy for asking me to slow down, so I blew
past him
I shake loose anything standing still

Nobody says no to me
Nothings free, so I'm gonna take it
I've always known there is no road
For the path I'm on, so I'm gonna blaze it

I got fired from selling things from bagels to bedding
That was just up in the way for where I was heading
I broke heels for climbing fences, running from creeps
advances
That's just another day in the life of me

Nobody says no to me
Nothings free, so I'm gonna take it
I've always known there is no road
For the path I'm on, so I'm gonna blaze it

I have always been a force, a bullet in a storm
I head right to it
I can't ask for nothin' more
My life's an open door
I'm gonna walk right thru it

Nobody says no to me
Nothings free, so I'm gonna take it
I've always known there is no road
For the path I'm on, so I'm gonna blaze it, blaze it

Nobody says no to me
Nothings free, so I'm gonna take it
Nobody, no, no, nobody

Nobody's gonna say no to me
Nobody, no, no, nobody
Hey, hey, hey
Nobody, no, no, nobody
Nobody's gonna say no to me
Nobody, no, no, nobody
I dare ya.
