Turn around
Turn around a little bit more
Look into my eyes, is it me or my disguise
I been up
I been up all nite
Why can't I see the truth, is it me or me with you

Say you'll love me forever
Will you hold my hand
Take a chance

The prettiest things in my life
They bring me back to you
The prettiest things in my life
They bring me back to you, yes they do

I didn't know when I first met love
I'd open up my heart, have it held and torn apart
Found out this whole darn thing is tough
It's not black and white
It takes work to get it right

Say you'll love me forever
Will you hold my hand
Take a chance

The prettiest things in my life
They bring me back to you
The prettiest things in my life
They bring me back to you, back to you

Don't waste my time falling in line
Don't waste my time Falling in line
Don't waste my time Falling in line
Don't waste my time falling in line

The prettiest things in my life make me love you more
The prettiest things in my life bring me back to you

I needed you back I didn't want you to go
Said I've been waiting so long to figure it out and here

we go

The prettiest things in my life
They bring me back to you
The prettiest things in my life
They bring me back to you

Don't waste my time falling in line
Don't waste my time Falling in line
Don't waste my time Falling in line
Don't waste my time falling in line
