So gone, everything that we once were is a memory
It's only a shell to reminisce in, I miss him
So gone, I'm looking back at what I hoped we'd look like
The mess we made of our pretty picture, how it hurts

So you'll just be the greatest thing that never happened
to me
The man in my dreams, you'll stay there it seems

So bad, the things we said we'd do and then we didn't
We never even tried, who are we kidding? Who are we
kidding?
So mad, at me as much as I am mad at you
And if there was a way we could have broke through, I
would have liked to

So you'll just be the greatest thing that never happened
to me
The man in my dreams, you'll stay there it seems

So you'll just be the greatest thing that never happened
to me
The man in my dreams, you'll stay there it seems
So you'll just be the greatest thing that never happened
to me
The man in my dreams, you'll stay there it seems
