I had a penny  
Bent down and laid it on the railroad tracks  
My heart started poundin' boom boom boom  
I never knew I could feel like that, yeah

Sat on a rooftop  
Barefoot and dreamin' on a midnight sky  
Watched shootin' stars goin' zoom zoom zoom  
And I loved how I felt inside

[Chorus]  
You make me feel like that each time you kiss me  
My heart stops racin' like a car just missed me  
Oh, it's the danger it's the rush  
Takes you to the edge just close enough  
It's like I'm flyin'  
You make me feel like that

Bought me a ticket  
Spent the night spinnin' on a carnival ride  
Watchin' the world going round round round  
Wanting to stay for the rest of my life

[Chorus]

Boom Boom Boom, Zoom Zoom Zoom, Round Round  
Round  
Boom Boom Boom, Zoom Zoom Zoom, Round Round  
Round

[Chorus]

You make me feel like that  
You make me feel like that  
Oh yeah  
You make me feel like that  
Like that
