I was a chubby little baby, my first word was no  
I was singin' country music when I was five years old  
Wrote a song with words like kissing boys and beer  
Sang it in the mirror and got my belly pierced  
Nobody says no to me  
Worked my way thru college serving drinks to drunks  
Slept thru half the classes somehow I didn't flunk  
I shot down a boy for asking me to slow down, so I blew  
past him  
I shake loose anything standing still

Nobody says no to me  
Nothings free, so I'm gonna take it  
I've always known there is no road  
For the path I'm on, so I'm gonna blaze it

I got fired from selling things from bagels to bedding  
That was just up in the way for where I was heading  
I broke heels for climbing fences, running from creeps  
advances  
That's just another day in the life of me

Nobody says no to me  
Nothings free, so I'm gonna take it  
I've always known there is no road  
For the path I'm on, so I'm gonna blaze it

I have always been a force, a bullet in a storm  
I head right to it  
I can't ask for nothin' more  
My life's an open door  
I'm gonna walk right thru it

Nobody says no to me  
Nothings free, so I'm gonna take it  
I've always known there is no road  
For the path I'm on, so I'm gonna blaze it, blaze it

Nobody says no to me  
Nothings free, so I'm gonna take it  
Nobody, no, no, nobody

Nobody's gonna say no to me  
Nobody, no, no, nobody  
Hey, hey, hey  
Nobody, no, no, nobody  
Nobody's gonna say no to me  
Nobody, no, no, nobody  
I dare ya.
