You can cry, I won't believe it  
You can try, to make me see it  
Everything's so wrong,  
Nothing feels right at all

You can tell me, that your pathetic  
I won't argue, I wish you'd get it  
But everything's so right  
Nothing's gone wrong and...

You've got everything  
You've got everything

I'm not gonna' sit and feel sorry for you  
That's the last thing that you need me to do  
Sit around and wish for better luck  
Sit around and wish for love  
I'm not gonna sit and feel sorry for you

What's the point in your complaining  
When the sun shines for you it's raining  
Everything's unfair, nobody cares and

You've got everything  
You've got everything

I'm not gonna' sit and feel sorry for you  
That's the last thing that you need me to do  
Sit around and wish for better luck  
Sit around and wish for love

I'm not gonna listen when  
You say The worlds against you  
You are the first to give up  
You say you've got no spirit at all, oh oh yeah  
You say the world's against you  
You say you've got no friends then  
Who am I  
Who am I

I'm not gonna' sit and feel sorry for you

That's the last thing that you need me to do  
Sit around and wish for better luck  
Sit around and wish for love

I'm not gonna' sit and feel sorry for you  
That's the last thing that you need me to do  
Sit around and wish for better luck  
Sit around and wish for love, hey

I'm sorry I don't feel sorry for you  
Yeah yeah  
I'm sorry I won't feel sorry for you  
Na na na na na na na na  
I'm sorry I don't feel sorry for you
