You've got away of holding me  
But you never hold me back, oh yeah  
You've got away of pushing me  
But you never push me off track

I was looking for someone  
Someone to love me  
Just as I am

I know someone who loves you  
Sure as the stars need the night  
I know someone who loves you  
Darling when you see me  
Do you notice  
You've got the best of me

When we're alone you dance with me  
No one else can move me like that  
You say that you'd give me everything  
But I would give everything back

I was looking for someone  
Someone to love me  
Just as I am

I know someone who loves you  
Sure as the stars need the night  
I know someone who loves you  
Darling when you see me  
Do you notice  
You've got the best of me

Don't ask me to stay  
If I'm in your way  
When love at first sight  
Keeps you up all night

You've got a way of seeing me, oh  
Just as I am

I know someone who loves you  
Sure as the stars need the night

I know someone who loves you  
Darling when you see me  
Do you notice  
You've got the best of me, yeah yeah yeah

Darling when you see me  
Darling when you go  
Darling when your with me  
Darling don't you know

Darling when you wake-up  
Darling when your home  
Darling when you kiss me  
Don't you ever go

Darling when your laughin'  
Darling when you cry  
Darling when your dreamin'  
I'll be by your side  
You've got the best of me
