It's not enough for me  
But I'm the one who still can't see  
And what I wanna say  
I'm sorry it turned out this way  
Won't somebody wake me  
And take me into your dream  
You're the only one  
Filling me with memories  
And that's all I'm feeling  
Cause it still seems to me

That you're leaning on my shoulder  
But I can't see  
And I'm dreaming of another  
Place to be  
And I'll give you all my reasons  
So you can see  
That you're leaning on my shoulder

And I can see your face  
But any day you could take my place  
Give anything to you  
I'm sorry for the things I do  
So we'll just let it go  
Another day will unfold  
And everybody's here  
But I'm forgetting  
And that's all I'm feeling  
Cause it still seems to me

That you're leaning on my shoulder  
But I can't see  
And I'm dreaming of another place to be  
And I'll give you all my reasons  
So you can see  
That you're leaning on my shoulder

And I wanna get away  
Every time I feel the way  
And time won't wait on simple things  
Tomorrow fades  
I won't be there for another

And you're leaning on my shoulder  
But I can't see  
That I'm dreaming of another  
Place to be  
And I'll give you all my reasons  
So you can see  
That you're leaning on my shoulder
