Living in my sleep
And your shadow's upon me
I'm dying in my dreams
And your dreams I am holding

So if I go
The tears I won't show
Cause we all know
How hard it is to hold
But if you're feeling blue
I'll always make time for you
And if you're feeling used
At least you know I need you

And your shadow in me
Cause it's all I need
And so if I go
I'll take you along with me
Hoping you will see what love's been making of me
And with all that's gone
I'm still holding on to see

And I can already feel tomorrow burning me
It's easier to be the stranger can't you see
And so if I go
The tears I won't show
Cause we all know how hard it is to hold
But if you're feeling blue
I'll always make time for you
And if you're feeling used
At least you know I need you

And your shadow in me
Cause it's all I need
So if I go
I'll take you along with me
Hoping you will see what love's been making of me
And with all that's gone
I'm still holding on to see

And so if I go
The tears I won't show

Cause we all know
How hard it is to hold
But if you're feeling blue
I'll always make time for you
And if you're feeling used
At lease you know I need you

And your shadow in me
Cause it's all I need
So if I go
I'll take you along with me
Hoping you will see what love's been making of me
And with all that's gone I'm still holding on to see
