So far away  
I get the further you're taking me  
Where emptiness stays  
My loneliness only takes me back to your face  
When I get the feeling  
There's something in the way  
I'll get the further you take me  
But if my heart will ache  
I'm holding onto something  
When all the parts that you break  
Are getting under my skin  
Don't you know I can't begin  
When I get the feeling  
There's something in the way  
I'll get the further you take me

But all my yesterdays  
Are on my back and again  
But don't it take more than what you're giving  
I'm afraid I'm still living  
On and on I'm here  
And when you say you're leaving  
Follow tomorrow  
I'll bring yesterday

I got to find a way  
I hear the voices you know there's things  
We forget to say  
Like all my mistakes are falling  
Back into place  
When I get the feeling  
There's something in the way  
I'll get the further you take me

But all my yesterdays  
Are on my back and again  
But don't it take more than what you're giving  
I'm afraid I'm still living  
On and on I'm here  
And when you say you're leaving  
Follow tomorrow  
I'll bring yesterday

But if my heart will ache  
I'm holding onto something  
When all the parts that you break  
Are getting under my skin  
Don't you know I can't begin  
When I get the feeling  
There's something in the way  
I'll get the further you take me

But all my yesterdays  
Are on my back and again  
But don't it take more than what you're giving  
I'm afraid I'm still living  
On and on I'm here  
And when you say you're leaving  
Follow tomorrow  
I'll bring yesterday
