There's no need for talkin'  
When you're walkin' out the door  
There's no need for shouting  
'Cause you'll only be ignored

What's the point of fighting  
You already lost the war  
Give it up, give it up  
You won't hurt me anymore

There's no need to hide it  
Everybody saw your face  
Don't even make excuses  
I won't make the same mistake

There aint nothin' you can do  
There's nothin' left to say  
Give it up, give it up  
Doesn't matter, its too late

Took the sheets and tore 'em up  
With all the pictures of us  
This is for the times you kept me waiting  
Piled up everything you got  
With some kerosene on top

This is what you get for my heart breakin'  
Burn it up, burn it up, burn it up  
Boy, that's what you did to my love  
Boy, that's what you did to my love

Sheriff, understand I had a man who wouldn't change  
Always left me crying every time he went away  
I knew what he was doin' but it took awhile to say  
That's enough, that's enough  
Now we're doing things my way

Took the sheets and tore 'em up  
With all the pictures of us  
This is for the times you kept me waiting  
Piled up everything you got  
With some kerosene on top

This is what you get for my heart breakin'  
Burn it up, burn it up, burn it up  
Boy, that's what you did to my love  
Boy, that's what you did to my love

You made your bed, now watch it burn  
All up in flames a lesson learned  
You only got what you deserved  
The roof is on fire

Took the sheets and tore 'em up  
With all the pictures of us  
This is for the times you kept me waiting  
Piled up everything you got  
With some kerosene on top

This is what you get for my heart breakin'  
Burn it up, burn it up, burn it up  
Boy, that's what you did to my love  
Boy, that's what you did to my love
