Spotlights have a funny glow
they can keep you warm
but they can make you go crazy
always gotta be the show
so you never know what it;s like being in the crowd
lately I'm having people say
you're runaway and somebody'd got to bring you back
to reality
help you see the things that you might have been
looking past
I anit burning bridges
I'm trying to mend them
I apologize if I ever hurt your feelings
Got my own convictions and I've got to live them
I anit burning bridges
that anit my intention
Anit got nothing to hide
yea, I'm good with God
but so is naked like water
you and I wouldn't want to see the girl I'd be if I
wouldn't have turned it down
Show means so many things
but the best would be never ever rolling over
Stand up for what I believe
and eventually everyone will come back around

[Burning Bridges Lyrics On]

I anit burning bridges
I'm trying to mend them
I apologize if I ever hurt your feelings
Got my own convictions and I've got to live them
I anit burning bridges
that anit my intention
Always three sides to every story
There's your and there's mine
but we've been ignoring the truth
it hides behind a clever disguise
I anit burning bridges
I'm trying to mend them
I apologize if I ever hurt your feelings

Got my own convictions and I've got to live them
I ain't burning bridges
that ain't my intention
