Hurry up Johnny daddy's coming home  
Hurry up Johnny daddy's coming home  
When his truck pulls up you better be gone  
I said hurry up Johnny daddy's coming home

6'4, 225 they call him Colonel Parker and he likes to  
fight  
I told him I was gonna be all alone  
Hurry up and finish daddy's coming home

Hurry up Johnny daddy's in the driveway  
Hurry up Johnny daddy's in the driveway  
Put on your clothes and hit the highway  
Hurry up Johnny daddy's in the driveway

He loves his little girl he don't know this part  
Last thing I wanna do is break his heart  
You know about the two but you just can't stay  
Hurry up Johnny daddy's in the driveway

And if it all was up to me  
We'd both just fall asleep  
And we'd wake up in the morning with the sun  
But we've got no time to waste  
And I don't wanna see the look on his face  
When he walks into my room and catches us

Hurry up Johnny daddy's at the door  
I said Hurry up Johnny daddy's at the door  
You're gonna have to jump from the second floor  
Hurry up Johnny daddy's at the door

Raise up the window make like a tree  
If you hurt yourself don't cry for me  
I'll cry for you when I need some more  
Hurry up Johnny daddy's at the door  
Oh I'll cry for you when I need some more  
Hurry up Johnny daddy's at the door
