Your eyes can't hide from me
Your kiss can't be that sweet
How can you stare so long and not see a thing?
Boy you're not fooling me

Baby when I whisper your name
You try not to smile
But that gives it away
Baby when we tangle up
The smoke's getting higher
You say there's no fire
But you're a good liar
You're a good liar

You claim you don't miss me at all
Well tell me why you still call?
You see there's no jealousy
But if I find someone else I bet you'd fight for me

Baby when I whisper your name
You try not to smile
But that gives it away
Baby when we tangle up
The smoke's getting higher
You say there's no fire
But you're a good liar
You're a good liar

It's getting late you're running out of time
My soul can't wait for you to make up your mind
You say it ain't easy to fall into me
You say you won't love me
You say you don't love me

Baby when I whisper your name
You try not to smile
But that gives it away
Baby when we tangle up
The smoke's getting higher
You say there's no fire
But you're a good liar

You're a good liar
