[Scream]

Do... do... do... do... do
I hate your friends n family
They're trying to take you from me
Oops I forgot to take the pill again!
Did I forget to mention
I need all your attention
Or else I'll throw a tantrum for it?
Check your phone
Check your mail
Check your pockets
Might as well
It's a test
It's a game
It's just begun

Psycho girlfriend so you say
But you ain't tryin' to run away
You keep comin' back for more (back for more)
Baby when we're makin' love
I make you think I could be the one
Cuz you never had it this good before

I'll call you when you're workin'
Over n over again
Accuse you that you're cheatin'
When you're not
Some mind manipulation
Mixed with cleavage persuasion
A recipe for gettin' what I want
Insecure, in denial
Immature, like a child
Start a fight, tell a lie
Just for fun

Psycho girlfriend so you say
But you ain't tryin' to run away
You keep comin' back for more (back for more)
Baby when we're makin' love,
I make you think I could be the one
Cuz you never had it this good before (good before)

And oh what I'm doin' baby
You forget that I'm crazy?
I know what I'm doin' baby... Oh yeah Oh yeah eh
Should of known I was nuts from the get-go
Now you're hooked n you can't seem to let go
Your friends hate my guts
But they don't know what it's like bein' loved by a...
Mmm, mmm
Psycho girlfriend so you say
But you ain't tryin' to run away (run away)
You keep comin' back for more (back for more)
Baby when we're makin' love
I make you think I could be the one
Cuz you never had it this good before {never had it this
good)

Psycho girlfriend so you say
But you ain't tryin' to run away
You keep comin' back for more (back for more)
Oh, oh
Baby when we're makin' love
I make you think I could be the one (I could be the one)
Cuz you never had it this good before
Ooh, ooh, ooh, mmm, mmm babe
I could be the one
You ain't goin' no where, No!
Do... do... do. do... do... do

(Sound of 'breaking glass' ends song)
