Lonely is the way I'm spending my days
The clock on the wall keeps me counting faith
But it's ticking away
The days turn to weeks
Oh it's all the same
Every morning and night I make sure to pray
That he's okay

Only his love is worth watching and waiting for
Look out the window just me and my pillow
As long as it takes I'll watch and I'll wait him at the front
door
As bad as it hurts his love is worth watching and
waiting for

Awake is the way I spend all my nights
So thirsty at times I can't even cry
I'm only half alive
He's doing this for us
So I can't complain
Cause I know it's gonna be worth all this pain
The day I touch his face

Only his love is worth watching and waiting for
Look out the window just me and my pillow
As long as it takes I'll watch and I'll wait him at the front
door
As bad as it hurts his love is worth watching and
waiting for

Am I building my future on quicksand?
Am I waistin' away all my wishes?
Am I foolish to think he's ever coming back?

Only his love is worth watching and waiting for
Look out the window just me and my pillow
As long as it takes I'll watch and I'll wait him at the front
door
As bad as it hurts his love is worth watching and
waiting for
Watching and waiting for

Watching and waiting
