Very soon there will be a new moonrise. It's going on
tonight: We'll come to make your body ours. We'll rip
your heart and take your soul. And you will pray to God
that you had never been born at all.

We're the destiny, the family for you. Welcome to your
last trip out of life! Life is going on and on and on.

I am you ! We're alive to see... I am you !

Do you remember all the ones who denied the power of
the night, they're now slaved to the leaders of this
world. Keep on closing your blinded eyes, ignore the
power of light! But do not say you have never been
warned at all...
