[music by Stefan Schmidt & Bastian Emig, lyrics by

Creeping through a deadly maze of terrifying days.  
Lurching in your dreams walking unknown ways. Crying  
blood and tears. Ripping out your fears. Wounds and  
pain remain as you're lying there.  
Morning sunrays blind your eyes.

Who was there right by my side? Telling me how much  
hurt can be done in one night. And as soon as I'm living  
on I wonder Dorian, Dorian what have you done?

Stabbing swords an knives, in your skin they dive.  
Bounded by your dreams you're unable to cry. Flowing  
in bloodred seas. Scarlet Melodies surround you while  
you sleep and no one is there to see.

Breaking up the chains you flee. Turn the light on, you  
must see. How full of hate a night can be. Morning  
sunrays blind your eyes.

Sleeping in silence somewhere far beyond, knowing  
that you're not alone. You will return at the end of this  
day Dorian, to bring yourself pain.
