Ocean: Deeply drowned in deep blue seas lies a
memory which is worth a story to be told of. Mystery,
watered gravity is it's sense to be for all time into
eternity. And so it flows.

See the heaven open tonight. Water's growling, waves
are rising high.

Far beyond your imagination you see the sense of life.
Far beyond your expectation you see the reason why.
Of ocean and of sky. Sky: High, high up in the sky,
above clouds it lies: a dream dreamed too often to
come true. You wonder why it often starts to cry? Trying
to arrive at a state of life where everyone can fly. And
so it goes.

Though this is the end, I can raise my head once more
to see over my beloved lands. Something slowly starts
to turn my cries into blue melodies of ocean and sky.
