"Don` t Turn"

Life's passing fast this side of paradise
I'm watching days follow days
Faster it goes the longer you stay
It's running away in a blink of your eye

We can't escape the times we live in
Must play our part while our time runs off

But I ain't gonna cry a tear
It's the way it's meant to be
No, I ain't gonna cry a tear
No time to waste

Don't turn around,
Don't try to hide in memories
Don't turn around,
Look ahead and find a new horizon

But I ain't gonna cry a tear
It's the way it's meant to be
No, I ain't gonna cry a tear
No time to waste

Don't turn around,
Don't try to hide in memories
Don't turn around,
Look ahead and find a new horizon

Look inside your heart
And you'll know the way
Look inside your heart
Let it lead you
