

Jester's March "Leaving"

As I'm looking out into the night
And count the stars all shining brightly
I don't know where I am and where I'm going

Sometimes it seems I've lived before
And I can see beyond the door
But it's just a notion I leave showing

I might wake up young again
With feelings of a new day
But it's leaving
Youth is leaving me

I'm looking back and see 10 years have gone
Nothing's happened and nothing's done
A few more scares is all I have at last

Sometimes I wish I could turn back the time
I've done so much without reason or rhyme
But it's too late to change the way I choose

I might wake up young again
With feelings of a new day
But it's leaving
Youth is leaving me
