Yea (Yea)

It's BlockRunnaz in the buildin'.

Allow me to introduce myself

Not a soul is gonna tell you speak the truth myself
(myself)

So if ever you should wonder why I group myself
(myself)

Among the ranks of the greats in the booth, Why else?
(Why else)

If it came down to it, I would choose myself

That way if I lost I would lose myself

Only bringin' others up while I prove myself

So if ever they should make it to the top, I helped.

(Hey, Hey, Hey, Hey)

(Hey) I know that there's a lot that I should be discussin'

And I should say what's on my mind without
repercussion

With no further ado, without interruption

Yea, I present to you my Formal Introduction (Hey)

I know that there's a lot that I should be discussin'

And I should say what's on my mind without
repercussion

With no further ado, without interruption

Yea, I present to you my Formal Introduction

(Hey, Hey, Hey, Hey)

Now I been sent by the powers that be

To be the best up in the business now you're starting to
see

Everything a little clearer, now it's harder to breathe

It must be how Moses felt while he parted the sea

They done put you all to sleep now you're startin' your
dream

You feel you're owed everything like the star of the
team

Got the soul of a champ and the heart of a king

So every fiber of my being said that I was to lead

There was never any question what my callin' would be
But little me second guessin' what I thought I should be
Wasn't easy I confess, never followed the lead
But then it all fell in sync like a water routine. (Mean)
Allow me to set the scene yes indeed
Picture me 16 Huddled up with a beat machine
Every time I pressed the button felt the speakers
breathe
Felt the vibe I was hypnotized by the blinking screen.
(Hey, Hey, Hey, Hey)

(Hey) I know that there's a lot that I should be discussin'
And I should say what's on my mind without
repercussion
With no further ado, without interruption
Yea, I present to you my Formal Introduction (Hey)

(Hey) I know that there's a lot that I should be discussin'
And I should say what's on my mind without
repercussion
With no further ado, without interruption
Yea, I present to you my Formal Introduction (Hey)
